

## Karameikos RuneQuest NPC- Lady Magda Marilenev

(GAZ1 Grand Duchy of Karameikos pgs 55-56)

Author's note: This was one of my FAVORITE characters to run as a DM's In my own D&D Campaign, I gave her a second marriage and she was the mom of one of my PC's. I interpreted her as a Gloomier version of Morticia Addams who had painted Marilenev manor in 13 shades of black.

One thing to keep in mind is that in RuneQuest Everyone know SOME kind of magic, so with this version, Magda became a VERY potent priestess of Petra that (Not-So) quietly leads a rebel faction against Duke Karameikos. While her magics are not necessarily earth shaking, they do lend a new dimension to her work in overthrowing Duke Stephen.
