The Mystara Magazine

Visit Thyatis and Alphatia!

Two great Empires which have shaped the history of Mystara as we know it. Thyatis and Alphatia, enemies since a thousand years, one the dominion of fighters, the other a house of wizards.

From an exclusive story by Bruce Heard set in Alphatia to the more ancient past of the empires, a conversion of the Elemental Evil storyline set in Esterhold, the foresters of Thyatis, the Alphatian alphabet, the Thyatian language, gazetteers of Carytion and Limn, and to the Isle of Dawn.

Threshold magazine brings you to the heart of the empires, to contemplate their Dawn and to meditate about their future. Sunset seems still quite far away, the empires have no intention to submit, not to their enemy, not to passage of time.
