¹ Each Tang (or Barra) is worth 1, 5 or 10 coins of the corresponding metal.

² The coins are represented by Medallions of various metals (platinum, gold, electrum, silver, copper). Emperors are used for the majority of transactions, medallions are worth ten times the value of the normal coins.

³ The Kalafi are small pieces of fungus bark that have undergone special drying treatment, of the value of 10, 50 and 100 gp.
