THE MYSTARA MAGAZINE

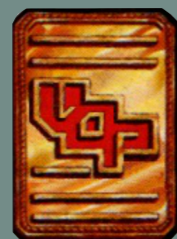

Glantri and Magic

In this new issue of *THRESHOLD* Magazine we travel to the land of the wizard Princes, home of the Radiance, the Great School of Magic, playground for adventurers, scheming nobles and terrible villains! With the authors of this issue we'll walk in the halls of the Great School, meet golems, wizards, and explore the characters, the past and the future of Glantri. We'll also have some extra time for a Mystaran cookbook and a Mystaran Tarot.

All this can be found only in this latest issue of our favourite magazine!
