

1010

Glantrian Military Reorganization Act of AC 1010 is passed by the Council of Princes. The Warden of the Marches is made a council charge. Viceroy of Forts as Council Charges are eliminated and Divisional Commands are made Council Charges. The overall command structure is expanded, professionalized and centralized, and a new Glantrian Army High Command is created which will have control over the Army both in peacetime and especially during times of war.

All related to New Kolland is rated Top Secret and only for the eyes of Grand General Olziyt and Prince Jaggar.

One O2 officer is attached to each Army division and forwards changes to High Command.

The Grand Army is expanded to 16 Divisions in times of peace to be commanded in 8 2-division groups and into 4 4-division corps when activated by the Glantrian High Command. Divisional structures are altered from a generic common structure to more mission orientated structures allowing more specialization to match the particular strengths of the various ethnic groups of Glantri. In addition more officers are authorized per division to help with command and control and improve overall performance. Logistic Banners (the lack thereof was a major identified weakness of the old decentralized command structure) are made part of each divisions OOB.

To facilitate the expanded GAHC and larger army a new rank and pay structure is implemented. Council dividends to themselves for commanding divisions is eliminated, along the elimination of the Council Charge of Viceroy that saves the Council over **300,000 dc** to help offset the cost of the expansion to the Grand Army.

Titles and Ranks of the Grand Army of Glantri (GAG):

(O10) Warden of the Marches - the rank and title given to one of the Princes who is selected by the Council of Princes to formally be in charge of the entire Glantrian Grand Army Jaggar von Drachenfels is the current Warden of the Marches

(O8) Prince (Lord) Field Marshall - A rank given only to Princes of Glantri, or a family member designated by the ruling Prince, who command divisions of the Grand Army of Glantri. As the position is considered a Council Charge the Council of Princes, not the GAHC, selects the Prince or Princess to hold the charge. Though Princes are not considered regular officers of the GAG, the title is a military rank, thus the Field Marshals, Division Commanders (Princes), **are** subject to orders from the Glantrian High Command (even mundaner Grand Generals) as pertaining to their divisions.

(O7) Lord Colonel General - A General of noble birth that is the assistant commander of a division and serves as the division commander in the absence of commanding prince.

Some reserve divisions may not have a Head Mage, however there is never more than one though in any division, even elite ones. Head Mages are not officers of the GAG or subject to any orders other than from current commander of the division.

Knight- A highly experienced name-level Mundaner who joins a specific division. The knight has no commanding role as he is neither an officer nor part of the Grand Army command structure. He fights and advises the commander of the division and is not subject to any orders other than from the commander of the division. There could be more than one Knight in an army, or there could be none at all.

Head Physician - The chief medical officer in the division. Given an honorary rank of Surgeon General but holding no real authority or rank. The duty of the Divisional Surgeon is to oversee and attend to the medical care of the division and treatment of the wounded.

Prince Jagger wins a closely contested vote at the Council over Princess Carnelia and becomes Warden of the Marches. The Council Charge pays 150 Cr a month and the charge gives the holder, Prince Jagger an additional 3 points to their personal voting power. The Council then votes to select the 8 Divisional Commander positions. Of the original 8 divisional commanders, 6 are elevated to the new positions with little opposition. After a particularly strong challenge to Princess Juliana by the new Princess of Blackhill, Dolores Hillsbury, she is confirmed to take the place of her late father only after she agrees to designate her uncle as the commander. Prince Innocenti rises to take the 8th traditional commander slot previously occupied by the new Supreme Commander and Warden of the Marches Prince Jagger.

1011

New Kolland becomes a Principality. Much discussion ensues at the Council of Princes and the GAHC about what to do about the new humanoid citizens of Glantri and their armed forces. It is decided for now not to include them in the GAG TO&E. They are listed as an auxiliary force available to Glantri. However financial support is given to Kol to help train and equip his forces.

1014

Prince Innocenti di Malapietra, commander of the 1st and 14th Divisions, is killed by an unknown assailant. His son Bartolomeo becomes the new Prince of Caurenze. However Princess Dolores challenges him in the Council for the continued command of the divisions. She wins the Council vote and becomes the new commander of the 1st and 14th Divisions and the Assistant Corp commander of the 2nd Corp.

Basic Finances of the GAG

Per Gags3- In AC 1000 there was 4,290,000 dc/yr (7150Cr/month) was budgeted annually for the GAG. Approximately 10% went to supplies and maintenance at a cost of 429,000dc/yr leaving 3,861,000dc/yr for spending on the Grand Army. With the transfer of the funds to the Military budget that was once paid to the Princes for of Viceroy Council Charges there now was 4,590,000dc/yr to spend annually on the Grand Army in AC 1014. With the expansion to 16 divisions the supply and maintenance costs including the logistical 5th banners for each division doubled to 858,000dc/yr which left approximately 3,732,000dc/yr for spending directly on the Grand Army.

In 1014 the approximate annual combined cost of the 16 divisions was 3,114,265.4 dc. The remainder of the balance of the annual military budget, approximately 600,000 ducats (1000 Cr a month), goes to pay the officers and staff of the GAHC as well as helping subsidize the Fuhrburg Military Academy in Aalban.

Composition of Glantrian Grand Army Divisions

Each of the 16 regular Army Divisions is composed of 4 combat banners and 1 non-combat support Banner. The composition of each of the combat banners varies per Division and is detailed individually with each division. Each Glantrian Division has a 5th Banner a Support banner that is not included in the combat strength of the unit. The Support banners normally only see combat in extreme situations. Only

the Banner Lieutenant and the Sergeants are considered part of the regular army. The Banner Lieutenant is an O2 grade and is assigned to the Versorgungsabteilung (logistics and supplies) branch of the GAHC. The Banner Sergeants are almost all veteran soldiers who were wounded in combat and were judged incapable of returning to combat duty but still capable of serving in the army or are simply older (often decorated) veterans serving out their final years in easy assignments before retirement.

The main body of the 5th Banner is civilians employed by the Army. They serve for 2 year signed contracts and are paid well (2 sv a day and is tax free) but with the caveat that they are subject to military rules and discipline, as well as the brutal punishments for desertion or dereliction of duty. The Support banner handles logistics, medical, commissary, among its many duties and is generally organized as follows:

5th Banner: 180 NM with daggers, 18 Deca (NM), 5 Sergeant (F3), 1 Lieutenant (F5)

1st Company - Medical - 30 NM, 3 Deca

In charge of the general health of the division in peacetime and in wartime treating minor wounds or cases of sickness as well as prioritizing more serious cases for the Surgeon General of the division.

2nd Company - Supply - 30 NM, 3 Deca

In charge of inventory and distribution of supplies, ensuring proper supply lines back to higher commands, or procuring food while on campaign.

3rd Company - Transportation: 40 NM, 4 Deca

In charge of maintaining, caring for, procuring as needed, and quartering all the carts, riding and draft horses of the division

4th Company and 5th Company - Pioneer - 40 NM, 4 Deca each

In charge of ensuring proper sanitation and trash disposal, minor construction, base camp or field engineering projects

In addition to the 5 banners of each division the commanding General has a small Divisional staff which is not counted in the combat strength of the Division and would only see combat in the most extreme of circumstances. The composition of a commanding General's staff varies upon the divisions' location and its primary peace and wartime functions are detailed with each division.

Wartime Defensive Deployment - The wartime mission of the two divisions is the defense of northeastern Glantri from Estioniarsk to the border with the Heldannic Territories. The primary task of the divisions is defending and protecting the Dol-Anur River valley leading to Boldavia.

Division Commander - 6th and 16th Div: Prince Field Marshal Morphail Gorevitch-Wozslany (M28, Death Master 5th)

Morphail does not assume direct command unless there is a serious threat to Boldavia and Glantri, or he has some interest in the fighting. During peacetime he delegates day to day command to his two Assistant Commanders but while not assuming direct command he does oversee training of both of his divisions 1st banners and has sponsored all officers and NCO's into the secret craft of Necromancer. Those officers unwilling or unable to meet his demands in learning the dark arts or meet his expectations and high standards are transferred out of his divisions, or in rare cases, will disappear without a trace. Morphail as a Necromancer has more than a few surprises up his sleeve that are not part of the normal TO&E of a Glantrian Army division. His two divisions with the addition of Morphail's irregular forces can likely hold a force many times their own numbers in combat.

A Breakdown of Morphail's Divisions -

Morphail's 6th Division

Morphail's 6th Division, formerly known simply as 'Morphail's Division' in the pre Great War Glantrian army, was re-designated as the 6th Division in 1005 when the Glantrian army expanded to 60 divisions at the beginning of the war with Alpathia and all divisions were given numerical designations. The division is about 90% Boldavian and 10% Flaemish in its ethnic composition, and is only about 25% mounted. All of the troops are Boldavian/Flaemish humans from Boldavia and the north-eastern dominions. The 6th Division saw no action in the Great War as it remained in northeast Glantri guarding the frontier against the Ethengarians as well against any aerial Alpathian surprise attacks.

Anton's 3rd and 11th Divisions

Headquarters - Fort Nordling

Peacetime Deployment - Maintaining law and order and patrolling up to 48 miles from their places of deployment (Glantri City, Fort Nordling, Taterhill, Glenmoorloch, and Kopstar).

Wartime Defensive Deployment - Defense of northern frontier and Boldavia are the primary wartime tasking of Anton's divisions. In the absence of a threat to the northern frontier or Boldavia, Anton's divisions would be considered a general reserve and would be dispatched to bolster the forces of the threatened area of Glantri.

Division Commander - 3rd and 11th Div: Lord Field Marshal Anton Vlaardoen (F22, 22 HD Gold Dragon)

After Prince Vanserie Vlaardoen died, his daughter and heir Julian Vlaardoen (M14, Fire Master 3rd) became the overall commander of the Flaemish military. In the aftermath of the Glantrian Military Reorganization Act of AC 1010 when divisional commands became Council Charges there was a movement to remove the young and inexperienced Princess from command. A compromise forged allowed her to keep her command but only if she designated her well respected Uncle Anton as the actual commander of the divisions. Princess Juliana agreed and officially delegated command to her 'uncle' Anton. Anton spends his time watching over, protecting, and educating the young Princess so he only would take command in times of crisis or conflict. In peacetime the assistant commanders of the divisions handle the day to day operations of the divisions.

Assistant commander - 3rd Div: Colonel General Chanash Teval (M23, Fire Master 4th), 11th Div: Colonel General Pieter Horkan (F19)

11th Div: : 1 O3 Führungsamt (Operations) Officer (Nordosten Branch), 1 O3 Abwehr (Intelligence) Officer (Ethengar), 4 O3 Versorgungsabteilung (logistics and supplies) Officer (Procurement, Distribution, Transportation, and Engineer), 1 O3 Verwaltungsabteilung (administrative) Officer (Records)

Head Physician - 3rd Div: Surgeon General Peter van Uhm (M4), 11th Div: Surgeon General Simone d'Shazo (M7)

A Breakdown of Anton's Divisions -

Anton's 3rd Division

Anton's 3rd Division, formerly known simply as 'Vanserie's Division' in the pre Great War Glantrian army, was re-designated as the 3rd Division in 1005 when the Glantrian army expanded to 60 divisions at the beginning of the war with Alphatia and all divisions were given numerical designations. The division is 100% mounted. Most troops are from Bergdhoven and the division is 100% Flaemish. Officers of the 1st and 2nd Banners regularly tour Flaemish areas to attempt to recruit the most talented of non-noble Flaem spell casters to serve in the 3rd Division. The 3rd Division is considered one of the most elite and powerful of all Glantrian Army divisions.

Type of Unit: Mobile Assault Division (Magical)

BFR: 127 **Troop Class:** Elite **BR:** 244

MV: 18 miles a day (3rd and 4th Banners can move up to 24 miles/day if alone)

Combatants: 966 Soldiers and Officers

Total Division Strength (including staff and Support banner): 1177

Cost to the Treasury (yr) - 259,123.2 dc (80,640 dc for Deca/Private; 21,235.2 dc for NCO's; 67,872 dc for Banner officers; and 89,376 dc for Divisional Generals)

1st Banner (Hetzer): 120 Privates and 12 Deca Arcaner Cavalry (M3) armed with slings and staves, 4 Sergeants (M5, Fire Master 1st), 2 Lieutenants (M7, Fire Master 2nd), Captain Marcelien Bos (M10, Fire Master 3rd) all riding warhorses

The Hetzer serve as the eyes and ears of the division and serve a reconnaissance and scouting function. While the division is based in Glantri City the Hetzer are assigned to Taterhill where they guard the weapons depot, assist the town guard and patrol the surrounding area and roads in Troop sized unit strength. Soldiers ranked Deca and above have a 33% chance (+33% per rank above Deca) of having magical items and/or magical weapons. Of the banner's 4 companies, typical reconnaissance and scout tasking would be as follows.

1st Company - reconnaissance using a variety of spells such as invisibility, Charm Person, ESP, Clairvoyance, Fly etc..

2nd and 3rd Companies - specially trained unit in ambush, counter insurgency, and mage suppression tactics. Main mission is counter enemy mage operations and target mages on the field of battle. Spells are generally offensive and reconnaissance orientated.

4th Company - a typical Flaemish combat mage unit, with spellcasters with offensive and defensive spells available which is generally used as support of the other companies of the Hetzer when independently deployed.

2nd Banner (Flammenwerfer): 120 Privates and 12 Deca Arcaner Cavalry (M3) and 180 Privates and 18 Deca elite Arcaner Cavalry (M5) all armed with slings and staves, 4 Sergeants (M5, Fire Master 1st), 6 Senior Sergeants (M7, Fire Master 2nd), 2 Lieutenants (M9, Fire Master 2nd), Captain Tuen Mulder (M11, Fire Master 3rd) all riding warhorses

The Flammenwerfer is the central unit in the 3rd Division and is considered, along with the Blitzkrieg, the Red Devils, and Aliana's Pride as perhaps the most elite and deadly of all Glantrian Banners. The mages carry offensive and defensive spells and magical items are generally geared toward mass destruction and fire protection from their own magic. Every Deca and above is armed with at least a wand of fireballs... provided to the banner, and property of the banner, by the Verlien and Vlaardoen families over the years. In addition soldiers ranked Deca and above also have a 40% chance (+30% per rank above Deca) of having one or more other non-fire based magical items and/or magical weapons. All officers were recruited and accepted into the Secret Craft of Fire at the Great School of Magic giving them significant added combat abilities with fire based magic. While not generally known, it is a secret craft after all, those added fire based combat abilities probably give the Flammenwerfer the leg up on their rivals for being the single best Glantrian Banner in the whole Grand Army.

3rd Banner (Kraht): 300 Privates and 30 Deca mounted Heavy Foot (F3) with long swords, short sword,

dagger, shield and chain mail; 10 Sergeants (F5), 2 Lieutenants (F7), 1 Captain (F9) all riding normal horses.

The primary duty of the Kraht is protecting the Flammenwerfer from hand to hand attack. Soldiers ranked Deca and above have a 10% chance (+15% per rank above Deca) of having one or more magical items and/or magical weapons.

4th Banner (Pijl): 120 Privates 12 Deca mounted Light Infantry (F2) with short bows, long swords, daggers, leather armor mounted Archers (F2); 4 Sergeants (F4), 2 Lieutenants (F6), 1 Captain (F8) all riding normal horses.

The primary task of the Pijl is screening the division's flanks and acting as battlefield skirmishers. While the division is based in Glantri City the Pijl are assigned to Glenmoorloch where they guard the weapons depot, assist the town guard and patrol the surrounding area and roads in Troop sized unit strength. Soldiers ranked Deca and above have a 10% chance (+15% per rank above Deca) of having one or more magical items and/or magical weapons.

Anton's 11th Division

Anton's 11th Division is a new division in the Glantrian army created in 1010 in the Glantrian Military Reorganization Act of AC 1010. The division is about 50% mounted and roughly a third of the division consists of experienced veterans of the Great War who served in other now demobilized reserve divisions. The troops are recruited from Flaemish regions all over Glantri but selectively accept volunteers from non-Flaem. The 11th Division is ethnically 90% Flaemish. Due to the influence of Anton Vlaardoen the 11th Division is more of a traditionally structured fighting division and unlike the other three predominately Flaemish Glantrian divisions only has one mage banner.

Peacetime Deployment and Mission - Patrolling the Principality of Sablestone, and the West End Free Province (WEFP), for bandits and for monsters coming out of mountains. The divisions also maintain watch on the western border with Sind. Both the 4th and 9th Divisions are stationed at Castle Sablestone in peacetime. The 1st banners of both divisions are annually detached for a month of refresher training in magical and military tactics as well as recruitment at the Citadel in Glantri City usually during the winter months. Wartime Defensive Deployment and Mission - Defense of Castle Sablestone and the western frontier and borders from Wendar to the north to Sind in the west is the primary defensive tasking of Brannart's divisions. The divisions would be only considered a Grand Army strategic reserve in cases of extreme danger to Glantri due to a large scale invasion. Otherwise the two divisions would remain at Sablestone to screen the Sind border due to the continued Hulean occupation of the nation.

A Breakdown of Brannart's Divisions -

Brannart's 4th Division

Brannart's 4th Division, formerly known simply as 'Brannart's Division' in the pre Great War Glantrian army, was re-designated as the 4th Division in 1005 when the Glantrian army expanded to 60 divisions at the beginning of the war with Alphatia and all divisions were given numerical designations. The 4th Division is almost entirely (94%) ethnically Kaelic and 100% male. At present all junior officers and NCO's are Kaelic. The strength of this division lies in the battle enthusiasm, which verges on berserk, of its Klantrian foot soldiers. Brannart rarely ever bothers to check in on the 4th Division, leaving his assistant commander to command the division in his absence, and only takes command of the division in times of emergency or war.

Far from being the typical sissy mages, the wizards of the Johnny Walker Reds (often just called the Reds) are as tough in fight with a staff as any veteran fighter with their sword, and have no reservation about closing in on a foe and bashing their heads in with staves. All have had advanced training with their weapons as well as their spell-casting abilities; mages generally have above average strength, dexterity, constitution, as well as intelligence. The Reds are an intimidating and very potent combat Banner as well as being one of the most famed in the Glantrian Army. Soldiers ranked Deca and above have a 30% chance (+30% per rank above Deca) of having one or more magical items and/or magical weapons.

The standard battle tactics of the Glenlivet and Caledonians are to provide flank support for the Laphroaig as they close in echelon formation with an enemy force and attempt to overwhelm them as quickly as possible so they can make it back to the divisional pubs for the traditional off duty pint and a shot and swap stories of their bravery and glory. Soldiers ranked Deca and above have a 10% chance (+20% per rank above Deca) of having one or more magical items and/or magical weapons.

Brannart's 9th Division is a new division in the Glantrian army created in 1010 in the Glantrian Military Reorganization Act of AC 1010. The division is fully 100% mounted and roughly half of the division consists of experienced veterans of the Great War who served in other now demobilized reserve divisions. The division was intended to be a cavalry division so the 9th naturally drew heavily from discharged veterans and new recruits from the Principality of Caurenze and the surrounding lands. Ethnic Kerendians make up 70% of the divisions troops with the remainder being those who are Equestrians and wanted to join what was the first regular Glantrian Army cavalry division to be formed after the reorganization of the Grand Army in 1010.

2nd Banner (Sangliers): 180 Privates and 18 Deca Arcaner Infantry (M3) armed with slings and staffs, 6 Sergeants (M5), 2 Lieutenants (M7), Captain Sandrine Dudoit (M9)

The Sangliers are the support banner of the division. The mages train on defensive tactics and memorize spells that enhance the other soldiers of the division or counteract enemy magic. Soldiers ranked Deca and above have a 20% chance (+25% per rank above Deca) of having one or more magical items and/or magical weapons.

3rd Banner (Aiglons): 210 Privates and 21 Deca Archers (F2) armed with long bows, daggers, leather armor; 7 Sergeants (F4), 2 Lieutenants (F6), Captain Anton Shipulin (F8)

The Aiglons are the archery banner of the division. The Aiglons follow traditional tactics and remain behind the lines and provide archer support to the other banners of the division. Soldiers ranked Deca and above have a 5% chance (+15% per rank above Deca) of having one or more magical items and/or magical weapons.

4th Banner (Heraclieden): 270 Privates and 27 Deca mounted Light Infantry (F2) with short bows, long swords, daggers, banded armor; 9 Sergeants (F4), 2 Lieutenants (F6), Captain Neeltje Karelse (F8) all riding normal horses.

The Heraclieden are the main infantry banner of the division. Not intended to stand up to punishment as Heavy Foot is, the Heraclieden are more suited to mobile small scale battles. In larger battles the banner, and the division, would likely be a mobile force protecting and probing the flanks of the enemy force. Soldiers ranked Deca and above have a 10% chance (+15% per rank above Deca) of having one or more magical items and/or magical weapons.

A breakdown of Carnelia's Divisions -

Carnelia's 2nd Division

Carnelia's 2nd Division, formerly known simply as 'Carnelia's Division' in the pre Great War Glantrian army, was re-designated as the 2nd Division in 1005 when the Glantrian army expanded to 60 divisions at the beginning of the war with Alphatia and all divisions were given numerical designations. The 2nd Division is about 25% mounted. About 70% of the troops are a mix of Belcadiz Humans and elves, a majority of the remainder of the division is drawn from the Fen population which has always had excellent relations with the Belcadiz. The 2nd Division is considered one of the best fighting divisions in the Grand Army of Glantri, behind only the 1st (Jaggar's) in the opinions of those in the GHC. The high regard of the GHC is due in no small part to its peerless record in battle during Thar's invasion. No Glantrian division, not even the 1st, earned more Mage's Crosses collectively than members of the 2nd Division in the Great War nor did any division rack up higher enemy kill counts than the 2nd Division.

MV: 12 miles a day (1st Banner can move up to 24 miles/day if alone)

Combatants: 966 Soldiers and Officers

Total Division Strength (including staff and Support banner): 1177

Cost to the Treasury (yr) - 225,422.4 dc (71,366.4 dc for Deca/Privatees; 25,704 dc for NCO's; 62,496 dc for Banner officers; and 65,856 dc for Divisional Generals)

1st Banner (Els Orelluts): 60 Privates and 6 Deca elite mounted Light Infantry (E5) scouts armed with bows and rapiers; 60 Privates and 6 Deca elite mounted Light Infantry (T5) with bows and short swords, 4 Senior Sergeants (2-E7, 2-T7), 2 Lieutenants (E8 Air Master 2nd, T8), Captain Francisco Javier Benet (E10 Air Master 3rd) all riding normal riding horses for maximum mobility.

Els Orelluts is a mixed elf-human banner and is the scouting banner of the 2nd Division. Though based at Fort Monteleone it is rarely found there and is often on patrols the lands to the east of Fort Monteleone and Belcadiz out to Satolas looking for Ethengarian infiltrators, rogue humanoid raiding parties, and Shadowelf spies. Soldiers ranked Deca and above have a 33% chance (+33% per rank above Deca) of having one or more magical items and/or magical weapons.

2nd Banner (Los Boquerones): 180 Privates and 18 Deca Heavy Foot (F3); 120 Privates and 12 Deca elite Heavy Foot (F5) armed with long swords, daggers, shields and chain mail; 6 Sergeants (F5), 4 Senior Sergeants (F6); 2 Lieutenants (F8), Captain Bryon Norton (F10)

The Los Boquerones is drawn from human fighters from the principality of Belcadiz, and from the Fen lands around Belcadiz as well as Glantri City. Their primary mission is defense of Fort Monteleone. However on the attack they often serve as the reserve and support the Chicharreros. Soldiers ranked Deca and above have a 20% chance (+20% per rank above Deca) of having one or more magical items and/or magical weapons.

3rd Banner (The Red Devils): 120 Privates and 12 Deca elite Archers (F4), 30 Privates and 3 Deca Archers (F2); with long bows, daggers, and leather armor; 5 Senior Sergeants (F6), 2 Lieutenants (F8), Captain Claudia Testoni (F10)

*The primary task of the Red Devils is battlefield suppression of enemy archers and especially enemy spellcaster when identified. The best archers in all Glantri are said to be found either in, or were once past members, of this predominately ethnic Fen banner. Current or past members of the Red Devils have won the annual archery contest on Army Day a staggering **17 years in a row**. All members have various archery related special skills. The 5th Company is the 'training' Company where new recruits, merely excellent archers, are trained to reach the extremely high standards of the experts of the rest of the banner. The Red Devils are a small but very potent banner which, due to their expertise and skill with the longbow, can outrange other archer units on the battlefield. Along with the Blitzkrieg, Aliana's Pride and the Flammenwerfer, the Red Devils are one of the most potent and famed of banners in the Glantrian army. Soldiers ranked Deca and above have a 33% chance (+33% per rank above Deca) of having one or more magical items and/or magical weapons.*

4th Banner (Los Chicharreros); 270 Privates and 27 Deca Light Infantry (E3) with rapiers, daggers, and leather; 9 Sergeants (E5), 2 Lieutenants (E7), Captain Julio Manuel Garcia (E10)

The Los Chicharreros are 100% Belcadiz elf banner and like most Belcadiz elves are just as deadly and proficient with the rapier as with magic. The banner is deployed as the divisions reserve and provides magical support to the Periquitos but can be used when the need arises to be deployed into hand to hand combat. In general on the attack they are used as the lead attack banner but on the defense they act as the divisional reserve and support unit. Soldiers ranked Deca and above have a 50% chance (+25% per rank above Deca) of having one or more magical items and/or magical weapons.

Carnelia's 10th Division

Carnelia's 10th Division is a new division in the Glantrian army created in 1010 in the Glantrian Military Reorganization Act of AC 1010. The division is about 25% mounted and roughly two-thirds of the division consists of experienced veterans of the Great War who served in other now demobilized reserve divisions. The division has an ethnic breakup that is equal parts Kerendian, Thyatian, and of mixed ethnicities all being drawn from Glantri City and the area around it. The 10th Division has strong line infantry and archers banners making it perfect for defensive operations. Its primary tasking is defense of Fort Monteleone and even in the event of an invasion of Glantri to the west or the north it is likely the 10th Division would remain and have responsibility to hold Ft. Monteleone even if the 2nd Division was shifted to the threatened region of Glantri. For that reason the 10th Division spends most of its time training in defensive positional warfare. The 10th Division is noteworthy for being the only regular Glantrian Army division to not have a magical banner.

1st Banner (Wolverine): 120 Privates and 12 Deca Heavy Archer (F2) armed with crossbow, dagger, and banded armor; 4 Sergeants (F4), 2 Lieutenants (F6), Captain Emilio Ferrar (F8)

The Wolverines are the heavy long distance combat arm of the division. Armed with crossbows the Wolverines stand to the rear of the Lions and other line units and provide support to the units on the line. At Fort Monteleone the Wolverines occupy the defensive towers and used the greater range and punch of their crossbows to whittle down approaching enemy before they get into range of the Lynxes. Soldiers ranked Deca and above have a 5% chance (+15% per rank above Deca) of having one or more magical items and/or magical weapons.

2nd Banner (Lynx): 210 Privates and 12 Deca Archers (F2) armed with long bow, dagger, and leather; 7 Sergeants (F4), 2 Lieutenants (F6), Captain Ekaterina Makarova (F8)

The Lynxes are the primary archery banner of the division. In the field, as the Wolverines, they stand to the rear of the Lions and other line units and provide archery support. In the defense of Fort Monteleone they would occupy the walls along with the Lions and try to prevent enemy forces from gaining the walls or gates of the fort. Soldiers ranked Deca and above have a 5% chance (+15% per rank above Deca) of having one or more magical items and/or magical weapons.

3rd Banner (Lion): 300 Privates and 30 Deca Heavy Foot (F3) armed with pole arm, short sword, and dagger, wearing chain mail; 10 Sergeants (F5), 2 Lieutenants (F7), Captain Antonio De Gaetano (F9)

The Lions are the main combat banner of the 10th Division and are the primary line unit in defensive formation as well as being the primary banner of the division in defense of Fort Monteleone. Soldiers ranked Deca and above have a 10% chance (+20% per rank above Deca) of having one or more magical items and/or magical weapons.

The Panthers serve as a mobile screening force of skirmishers for the division when in the field. At Fort Monteleone they are tasked as serving as a reserve and a rapid counterattack force to throw back any enemy that manage to gain the walls or interior of the fort. *Soldiers ranked Deca and above have a 10% chance (+15% per rank above Deca) of having one or more magical items and/or magical weapons.*

A breakdown of Jherek's Divisions -

Jherek's 5th Division

Jherek's 5th Division, formerly known simply as 'Jherek's Division' in the pre Great War Glantrian army, was re-designated as the 5th Division in 1005 when the Glantrian army expanded to 60 divisions at the beginning of the war with Alphatia and all divisions were given numerical designations. The division is completely 100% mounted and combat capable on horseback. The entire division is almost totally made of Ethengarian warriors from Krondahar and Bramya. The division takes their responsibility as the eastern defenders of Glantri very seriously knowing the cultural bias, and distrust, that still exists among some in Glantri. Unlike many of the elite, pre-war Glantrian Army divisions, the 5th saw little action during the invasion of Thar as it was deemed necessary to keep the 5th in the east to guard against any surprise Ethengarian or Alphatian advances taking advantage of the chaos Thar unleashed in Glantri.

Type of Unit: Light Cavalry Division

BFR: 131 **Troop Class:** Elite **BR:** 235

MV: 32 miles a day

Combatants: 966 Soldiers and Officers

Total Division Strength (including staff and Support banner): 1176

Cost to the Treasury (yr) - 209,899.2 dc (58,867.2 dc for Deca/Private; 27,720 dc for NCO's; 54,768 dc for Banner officers; and 68,544 dc for Divisional Generals)

1st Banner (White Lions): 90 Privates and 9 Deca Arcaner Cavalry (M3) and 90 Privates and 9 Deca elite Arcaner Cavalry (M5) armed with slings and staves, 3 Sergeants (M5), 3 Senior Sergeants (M7), 2 Lieutenants (M9), Captain Qarachar Noyan (M11, Dream Master 3rd) all mounted on superior riding horses.

The White Lions are all recruited from upper class Krondaharan families, and service within the banner is generally 'expected' of a young male arcaner in upper Krondaharan society. Due to the upper class, noble membership of the Banners every mage in the banner has at least one magical item. Many of them are gifts from family members who served in the Banner themselves in their generation. Most of the Banner have been educated at the Great School and have learned special techniques for casting spells while riding.

2nd Banner (Black Lions): 180 Private and 18 Deca Brateks (T3) short bows, daggers, wearing Leather armor; 6 Sergeants (T5); 2 Lieutenants (T7), Captain Khutulun Lan Tsagaan (T9) all mounted on superior riding horses

The Black Lions are the scout and ambush Banner of the Krondahar division. In 'peacetime' along the eastern border with the Khanates the Black Lions attempt to locate, ambush, and capture or kill any Ethengarian infiltrators, scouts or raiding parties they find. Larger groups that the Black Lions couldn't take themselves would be reported back to the division commander and the Black Lions would tail the infiltrators until help could arrive to defeat the forces. In war time the Black Lions would either act as a commando force attempting to infiltrate and disrupt or eliminate enemy command and control or they would serve as a general reserve for the Blue and Grey Lions. Soldiers ranked Deca and above have a 25% chance (+25% per rank above Deca) of having one or more magical items and/or magical weapons.

3rd Banner(Blue Lions): 210 Privates and 21 Deca elite Light Cavalry (F4) with short bows, lance, banded armor; 8 Senior Sergeants (F6), 2 Lieutenants (F8), Captain Baiju Noyan (F10) all riding superior riding horses

4th Banner (Grey Lions): 210 Privates and 21 Deca elite Light Cavalry (F4) with short bows, lance, banded armor; 8 Senior Sergeants (F6), 2 Lieutenants (F8), Captain Qutlugh Khwaja (F11) all riding superior riding horses

The Blue and Grey Lions are the main combat formations of the 5th division. They patrol the very long border with the Khanates in peacetime, usually in multiple company strength. During times of war they would conduct utilize mobile hit and run tactics against the enemy or would act as light cavalry support for heavier line units. Soldiers ranked Deca and above have a 20% chance (+20% per rank above Deca) of having one or more magical items and/or magical weapons.

Jherek's 13th Division

Jherek's 13th Division is a new division in the Glantrian army created in 1010 in the Glantrian Military Reorganization Act of AC 1010. The division is about 25% mounted and roughly a third of the division consists of experienced veterans of the Great War who served in other now demobilized reserve divisions. Much like Carnelia's 10th Division the division has mixed ethnicities all being drawn from all over the Principalities. The primary tasking of the division is defending Skullhorn Pass in case of attack from the east, and supporting the 5th Division east of the mountains once relieved at Skullhorn Pass by other forces from within Glantri.

1st Banner (Blues): 120 Privates and 12 Deca Arcaner Infantry (M3) armed with slings and staffs, 4 Sergeants (M5), 2 Lieutenants (M7), Captain Stoenoen (M9, Air Master 2nd)

The Blues are the magical banner of the 13th Division. The banner is tasked with using spells and magic to support the other banner of the unit and ultimately to defend Skullhorn Pass against attackers. Soldiers ranked Deca and above have a 20% chance (+25% per rank above Deca) of having one or more magical items and/or magical weapons.

2nd Banner (Greens): 180 Privates and 18 Deca mounted Light Infantry (F2) armed with short bows, long swords, daggers, banded armor; 6 Sergeants (F4), 2 Lieutenants (F6), Captain Giorgi Tsulukidze (F8) all riding normal horses

The Greens are the 2nd echelon support banner from the heavier Reds of the 4th banner. They serve as a rapid response counter attack force as well as fulfilling missions such as scouting and flank protection missions when the division is in the field. Soldiers ranked Deca and above have a 10% chance (+15% per rank above Deca) of having one or more magical items and/or magical weapons.

3rd Banner (Blacks): 240 Privates and 24 Deca Archers (F2) armed with long bow, dagger, and leather; 8 Sergeants (F4), 2 Lieutenants (F6), 1 Captain Archibald Allison (F8)

The Blacks are the archery banner of the 13th Division and serve the same purpose whether defending Skullhorn or out in the field, they deploy to the rear of the Reds of the 4th Banner and provide counter archer and mage support. Soldiers ranked Deca and above have a 5% chance (+15% per rank above Deca) of having one or more magical items and/or magical weapons.

4th Banner (Reds): 300 Privates and 30 Deca Heavy Foot (F3) armed with hand axe, dagger, shield wearing chain mail; 10 Sergeants (F5), 2 Lieutenants (F7), 1 Captain Marie Collonvillé (F9)

The Reds are the line combat unit of the 13th Division. Their training reflects their mission and thus is considered more capable in defensive fighting than as a offensive force. Soldiers ranked Deca and above have a 10% chance (+15% per rank above Deca) of having one or more magical items and/or magical weapons.

War deployment - The primary mission of Carolina's divisions are the defense of the southern border west of the Vesubian River. A breakdown of Carlolina's divisions -

Carlolina's 7th Division

Carlolina's 7th Division, formerly known simply as 'Volospin's Division' in the pre Great War Glantrian army, was re-designated as the 7th Division in 1005 when the Glantrian army expanded to 60 divisions at the beginning of the war with Alphatia and all divisions were given numerical designations. The 7th Division suffered extremely high losses (60%) during the Great War and today is the reorganized remnant of the original division, built around a core of hardened veterans of the war with Thar. The division is a mix of combat hardened veterans and newer replacements. With Volospin's death, and the subsequent reorganization of the Glantrian Army in 1010, the 7th Division was given over to Princess Carlolina to command. Due to the massive population loss of the ethnic Alphatian community in Glantri today the 7th is no longer a predominantly Alphatian division as it was prior to the Great War. Today it is a generally mixed, Averoignian/Alphatian division, roughly comprising of 45% Alphatian and 30% Averoignian, 25% mixed in its ethnic makeup. The division is approximately 50% mounted.

Cost to the Treasury (yr) - 189,840 dc (46,771.2 dc for Deca/Private; 16,396.8 dc for NCO's; 50,400 dc for Banner officers; and 76,272 dc for Divisional Generals)

1st Banner (Pride of Volospin): 120 Privates and 12 Deca elite Arcaner Cavalry (M5) armed with slings and staves, 4 Senior Sergeants (M7), 2 Lieutenants (M9), Captain Paneri (M11 Air Master 3rd) all riding warhorses

The Pride of Volospin suffered relatively light losses during the Great War and is the most cohesive and

experienced unit of the division. It is today still almost entirely ethnically Alphantian in composition. Losses during the war were replaced by Alphantian mages who wanted to serve with Volospin in defense of Blackhill, and later those that wanted to keep this source of Glantrian-Alphantian pride strong and pure in the post Great War years. Soldiers ranked Deca and above have a 25% chance (+30% per rank above Deca) of having one or more magical items and/or magical weapons.

2nd Banner (Sankari): 240 Privates and 24 Deca Archers (F2) armed with long bow, dagger, and leather; 8 Sergeants (F4), 2 Lieutenants (F6), Captain Forserin (F8)

The Sankari are the archers of the 7th Division. Next to the Pride of Volospin the 2nd Banner has the highest number of veterans of the Great War in it, thus the highest number of Alphantians remaining in the banner. Losses in the Great War approached 40%. The Sankari were instrumental in preventing a total rout at the Battle of Huledain in 1007 when its archers managed to hold off Alebane's Ogres just long enough for the Nopea and Sisu to withdraw. Soldiers ranked Deca and above have a 5% chance (+15% per rank above Deca) of having one or more magical items and/or magical weapons.

3rd Banner (Nopea): 240 Privates and 24 Deca mounted Light Infantry (F2) with short bows, long swords, daggers, banded armor; 8 Sergeants (F4), 2 Lieutenants (F6), Captain Charles Churchill (F8) all riding normal horses.

Nearly annihilated at the Battle of Huledain losing almost 70% of the banner dead or captured, the Nopea of the 3rd Banner was reconstituted after the Great War. Totally the Nopea are nearly 75% Averoignian. The Nopea serve as the long range scouts, as well as flank projection and divisional skirmishers. In peace they log long patrols into the Southern Hills Free Province as well as occasional patrols into the Borderlands Free Province and often see action against hostile humanoids not aligned with Kol. Soldiers ranked Deca and above have a 15% chance (+15% per rank above Deca) of having one or more magical items and/or magical weapons.

4th Banner (Sisu): 240 Privates and 24 Deca Heavy Foot (F3) with sword, shield, and chain armor; 8 Sergeants (F5), 2 Lieutenants (F7), Captain Johann Strauss (F9)

The Sisu are the line infantry unit of the division. Also nearly annihilated at the Battle of Huledain in 1007 it is now longer an Alphantian Banner. Very few veteran privates remain in the unit. Most of the surviving privates from the Great War were promoted over time to fill the NCO and Officer positions of those that fell in battle and the Banner was rebuilt from men and women from all over Glantri. The Sisu spend most of their time at Fort Huledain in training learning tactics and tactical maneuver. In battle they would serve as the front line of defense or the first line of attack. Soldiers ranked Deca and above have a 20% chance (+20% per rank above Deca) of having one or more magical items and/or magical weapons.

Carlolina's 8th Division

Carlolina's 8th Division, formerly known simply as 'Carlolina's Division' in the pre Great War Glantrian

army, was re-designated as the 8th Division in 1005 when the Glantrian army expanded to 60 divisions at the beginning of the war with Alphatia and all divisions were given numerical designations. The division is 100% mounted, with one banner on flying mounts. Carlolina's division is entirely made up of Erewan elves. They are highly skilled, and experienced as the result of years of continuous wars with the humanoids.

Type of Unit: Mobile Assault Division (Light)

BFR: 128 **Troop Class:** Elite **BR:** 258

MV: 18 miles a day (1st Banner can move up to 72 miles/day if alone)

Combatants: 966 Soldiers and Officers

Total Division Strength (including staff and Support banner): 1177

Cost to the Treasury (yr) - 274,713.6 dc (104,025.6 dc for Deca/Privatees; 25,536 dc for NCO's; 89,712 dc for Banner officers; and 55,440 dc for Divisional Generals)

1st Banner (Aliana's Pride): 90 Privates and 9 Deca airborne Light Cavalry (E3) with long sword, shields and chain mail, and 30 Privates and 3 Deca elite airborne Light Cavalry (E5) with long swords+1, shields and chain mails+1; 4 Senior Sergeants (E7), 2 Lieutenants (E8), Captain Felaern Ililynn (E10, Gold Dragon Master 3rd) all mounted on Griffon

After Lady Aliana Nyraviel's death Princess Carlolina took over and became the sponsor of Nyraviel's knights. She intended to keep them as a private force of hers, but the events of the war changed that and she expanded the force and made them a regular part of her divisions, and the Grand Army of Glantri. The Pride is a very elite and experienced combat veteran unit with years of combat experience. Along with the Blitzkrieg Battalion, Flammenwerfer, and the Red Devils, they are considered among the best combat banners in the Glantrian army. Soldiers ranked Deca and above have a 50% chance (+25% per rank above Deca) of having one or more magical items and/or magical weapons in addition to any listed.

2nd Banner (Red Arrowheads): 240 Privates and 24 Deca mounted Archers (E3) long bows, short swords, daggers, leather armor; 8 Sergeants (E4), 2 Lieutenants (E6), Captain Yralissa Ravamys (E8) all mounted on elven warhorses.

The Red Arrowheads are employed primarily as archers when the banners of the division are deployed as a division. Like all elves, the archers of the 2nd banner can cast spells and are adequately skilled with sword to serve as Light Infantry or as a magical unit as needed. However the value of the banner is in its collective skill with the bow as only those elves considered best with the bow are accepted into the Red Arrowheads. Soldiers ranked Deca and above have a 40% chance (+30% per rank above Deca) of having one or more magical items and/or magical weapons.

3rd Banner ('Tree-huggers'): 240 Privates and 24 Deca Light Cavalries (E3) lances, long swords, daggers, shields, leather armor; 8 Sergeants (E4), 2 Lieutenants (E6), Captain Elduin Miapetor (E8) all mounted on elven warhorses

The Tree-huggers are employed primarily as Light Cavalry when the banners of the division are deployed as a division. Like all elves however, the cavalry of the 3rd Banner can cast spells and are adequately skilled with bow to serve as archers or as a magical unit as needed. The Tree-huggers specialize in rapid movement and scouting (all being excellent trackers and hunters) as well as horse mounted combat. Soldiers ranked Deca and above have a 40% chance (+30% per rank above Deca) of having one or more magical items and/or magical weapons.

4th Banner (Wild Bunch): 240 Privates and 24 Deca Heavy Foot (E3) long swords, daggers, shields and chain mail; 8 Sergeants (E4), 2 Lieutenants (E7), Captain Mythanar Keyneiros (E9) all mounted on elven warhorses

The Wild Bunch are employed primarily as Heavy Foot when the banners of the division are deployed as a division. Like all elves however, the infantry of the 4th Banner can cast spells and are adequately skilled with bow to serve as archers or as a magical unit as needed. The Wild Bunch specializes in hacking humanoids into little bitty pieces in hand to hand combat and find the notion of feathering a orc with an arrow, or bringing down a hobgoblin with a spell to be too easy. Soldiers ranked Deca and above have a 40% chance (+30% per rank above Deca) of having one or more magical items and/or magical weapons.

Dolores' 1st and 14th Divisions

Headquarters - Camp Huledain

Peacetime Deployment - Maintaining law and order and patrolling up to 48 miles from their places of deployment (Huledain, Leenz, Eriadna)

Wartime Defensive Deployment - Defense of southern Glantri is the primary wartime tasking of Dolores's divisions. In the absence of a threat to southern Glantri, Dolores' divisions would be considered a general reserve and would be dispatched to bolster the forces of the threatened area of Glantri.

Division Commander - 1st and 14th Div: Lady Field Marshal Dolores Hillsbury/Synn (M36)

Princess Dolores is new to the command of these divisions only winning a closely contested vote at the Council of Princes over the new Prince of Caurenze Bartolomeo di Malapietra to succeed the former commander, Prince Innocenti di Malapietra, who was killed by as of yet known attackers on the 1st of Nuwmont 1014. The newly minted Field Marshall thus spends a great deal of time with her new divisions, supervising their training. It is whispered in the halls of the Citadel that for such a young Princess (and thought to be inexperienced commander) that she shows a remarkable grasp of military concepts and strategy. The wonders of Dolores Hillsbury never fail to continue to amaze.

Assistant commander - 1st Div: Colonel General Hans Grüber (M28), 14th Div: Colonel General Sergey Trofimenko (F15)

Executive officer - 1st Div: Lieutenant General Anja Höppner (F21), 14th Div: Lieutenant General Peter Middelkoop (M11 Death Master 3rd)

Divisional Staff -

1st Div: 1 O4 Führungsamt (Operations) Officer (Südosten Branch), 1 O4 Abwehr (Intelligence) Officer (Foreign), 4 O4 Versorgungsabteilung (logistics and supplies) Officer (Procurement, Distribution, Transportation, Engineer), 1 O4 Verwaltungsabteilung (administrative) Officer (Records).

14th Div: : 1 O3 Führungsamt (Operations) Officer (Südosten Branch), 1 O3 Abwehr (Intelligence) Officer (Broken Lands), 4 O3 Versorgungsabteilung (logistics and supplies) Officer (Procurement, Distribution, Transportation, Medical), 1 O3 Verwaltungsabteilung (administrative) Officer (Records)

Head Mage - 1st Div: Frau Hildegard Von Drachenfels (M20, Earth Master 5th), 14th Div: Salvidienus Rufus (M17, Earth Master 4th)

Knight - 1st Div: Hans von Shtrout (F30, two handed sword+3, golden plate armor+4, riding war horse), 14th Div: Vibia Sabina (F22, Spear +3, Chain +5)

Head Physician - 1st Div: Surgeon General Annemarije Luijkens (M14), 14th Div: Surgeon General Hans-Joachim Birkner (M9)

A Breakdown of Dolores' Divisions -

Dolores' 1st Division

Dolores' 1st Division, formerly known simply as 'Jaggar's Division' in the pre Great War Glantrian army, was the most elite and powerful of the Glantrian pre-war divisions and was re-designated as the 1st Division in 1005 when the Glantrian army expanded to 60 divisions at the beginning of the war with Alphatia and all divisions were given numerical designations. Today it remains still the best equipped, well trained, most experienced, and the single most elite fighting division in the Grand Army of Glantri. The division is 100% mounted. The majority of the soldiers of the 1st Division are combat veterans. The division has undergone extensive training in small unit, combined-arms tactics so while they still are organized in the Glantrian TO&E as a 4 Banner division they actually can operate and deploy effectively on a smaller scale. Tactics are taught down to the lowliest foot soldier and personal initiative is rewarded not frowned upon even with the highly disciplined Hattian tradition. The 1st Division is almost 100% Hattian in ethnic composition and all the junior NCO's and officers are Hattian.

Type of Unit: Mobile Assault Division (Heavy)

BFR: 151 **Troop Class:** Elite **BR:** 256

MV: 18 miles a day (1st, 3rd and 4th Banners can move up to 24 miles/day if alone)

Combatants: 966 Soldiers and Officers

Total Division Strength (including staff and Support banner): 1177

Cost to the Treasury (yr) - 259,405.6 dc (68,524 dc for Deca/Private; 28,593.6 dc for NCO's; 61,152 dc for Banner officers; and 101,138 dc for Divisional Generals)

1st Banner (Aufklärung): 120 mounted privates and Deca of various classes, 4 Senior Sergeants, 2 Lieutenant (F9, M9), 1 Captain (M11) all riding normal horses. The Aufklärung serve as the eyes and ears of the division and serves as a reconnaissance and scouting unit. Soldiers ranked Deca and above have a 30% chance (+25% per rank above Deca) of having one or more magical items and/or magical weapons. The Aufklärung break into Troops as follows:

1st Troop (Brandenburg): 30 Privates and 3 Deca elite mounted Light Infantry (F5) armed with short swords, daggers and leather armor+1; 1 Senior Sergeant (F7) all riding normal horses.

The Brandenburgers specialize in operating behind enemy lines and assaulting high value, highly guarded targets and are selected for their superior physical attributes, language skills, overall intelligence, and past combat experience. The Company is perhaps the single most elite and famed Company in the entire Glantrian Army.

2nd Troop (Gelandeerkundung) - 30 Privates and 3 Deca mounted elite Light Infantry (T4) armed with short swords, nets, daggers +1 and leather armor; 1 Senior Sergeant (T6) all riding normal horses.

The primary task of the Gelandeerkundung is to work in conjunction with the 3rd Company, to provide intelligence to the divisional commander. The Gelandeerkundung are most effective when enemy spellcaster make magical intelligence gathering impossible or unreliable and human assets are needed to collect information and intelligence.

3rd Troop (Gefechtsaufklärung) - 30 Privates and 3 Deca elite mounted Arcaner Infantry (M5) armed with staffs and daggers, 1 Senior Sergeant (M7) all riding normal horses.

The Gefechtsaufklärung use all manner of magical spells and magic items to locate, and observe the movements of enemy forces.

4th Troop (Luftaufklärung) - 30 Privates and 3 Deca elite mounted Arcaner Infantry (M5) armed with staffs and daggers, 1 Senior Sergeant (M7) all riding small Rocs.

The Luftaufklärung is the long range aerial scouting element of the 1st Division. The companies Roc's were trained from birth to be human mounts and are property of the division.

2nd Banner (Blitzkrieg): 120 Privates and 12 Deca elite Arcaner Cavalry (M5) armed with slings and staffs, 4 Senior Sergeants (M7); 180 Privates and 18 Deca elite Heavy Cavalry (F6) armed with lances, longswords, and full plate armor; 6 Senior Sergeants (F8), 2 Lieutenant (F9, M9), 1 Captain (M11) all riding armored warhorses.

The Blitzkrieg Banner is the perfect model of a combined-arms unit in action. The concept was tested and used to devastating effect in the war against Thar during the Great War. Basically the mages punch a hole in the enemy lines where the heavy cavalry can flow through to fan out in the enemy's rear where they can then strike the enemy from behind or disrupt command and control or supplies. Soldiers ranked

Deca and above have a 40% chance (+30% per rank above Deca) of having one or more magical items and/or magical weapons.

3rd Banner (Schwerpunkt): 210 Privates and 21 Deca mounted Heavy Foot (F3) with longswords, short swords, dagger, shield, and chain mail; 7 Sergeants (F5); 2 Lieutenant (F7), 1 captain (F10) riding normal horses for quick reaction on the battlefield and will dismount before fighting.

The Schwerpunkts often fulfill two very different missions within the division in combat. On the attack they as 2nd echelon infantry following the Blitzkrieg Banner and either mopping up behind them or exploiting and expanding breaks created in the enemy lines. On the defensive they serve as the primary line unit with the Blitzkrieg Banner supporting them and helping protect their flanks. Soldiers ranked Deca and above have a 15% chance (+25% per rank above Deca) of having one or more magical items and/or magical weapons.

4th Banner (Bogenschütze): 210 Privates and 21 Deca mounted archers (F2) with long bows, daggers, and leather armor; 7 sergeants (F4); 2 Lieutenants (F6), 1 Captain (F8) all riding normal horses.

The Bogenschützen are the division's long arm and provide archery support from behind the main lines of attack or defense. Soldiers ranked Deca and above have a 10% chance (+20% per rank above Deca) of having one or more magical items and/or magical weapons.

Dolores' 14th Division

Dolores' 14th Division is a new division in the Glantrian army created in 1010 in the Glantrian Military Reorganization Act of AC 1010. The division is about 25% mounted and roughly two-thirds of the division consists of experienced veterans of the Great War who served in other now demobilized reserve divisions. The division is a largely (80%) ethnically Thyatian division drawn primarily from the hills of Westheath and Hightower. Areas devastated during Thar's invasion so many of those who joined the division after its formation in 1010 are combat veterans that served in other units in the Great War. The last few years have seen extensive training to mold the veterans into a cohesive fighting division. The division is 25% mounted and relies heavily on traditional Thyatian discipline and tactics. It is expected the division may be bumped up to *elite* troop class, from its present *excellent* by the GAHC, if it continues to show the growth as a unit and command that it has shown in the last three years.

Type of Unit: Heavy Infantry Division

BFR: 111 **Troop Class:** Excellent **BR:** 166

MV: 12 miles a day (2nd Banner can move up to 24 miles/day if alone)

Combatants: 966 Soldiers and Officers

Total Division Strength (including staff and Support banner): 1177

Cost to the Treasury (yr) - 159,696.6 dc (46,368 dc for Deca/Privatees; 16,833.6 dc for NCO's; 45,696 dc for Banner officers; and 51,072 dc for Divisional Generals)

1st Banner (Lupo): 120 Privates and 12 Deca Arcaner Infantry (M3) armed with slings and staffs, 4 Sergeants (M5), 2 Lieutenants (M7), 1 Captain (M9)

The Lupo are the magical banner of the 14th Division. The Captain of the banner is trying to mold his banner upon the Johnny Walker Red's of the 4th Division. The training regimen of the banner stresses not only mastering magical combat tactics but also training with the staff and sling as well as building personal strength and conditioning. Soldiers ranked Deca and above have a 20% chance (+20% per rank above Deca) of having one or more magical items and/or magical weapons.

2nd Banner (Cavallo): 210 Privates and 21 Deca Light Cavalry (F2) armed with short bow, spear, and leather; 7 Sergeants (F4), 2 Lieutenants (F6), 1 Captain (F8) all riding normal horses

The Cavallo provides the eyes and ears of the division and specialize in battlefield scouting and reconnaissance in addition to providing flank protection to the heavier 3rd and 4th banners of the division. Soldiers ranked Deca and above have a 10% chance (+15% per rank above Deca) of having one or more magical items and/or magical weapons.

3rd Banner (Orso): 210 Privates and 21 Deca elite Heavy Foot (F5) armed with pole arm, short sword, and dagger, wearing chain mail; 7 Senior Sergeants (F7), 2 Lieutenants (F9), 1 Captain (F10)

The Orso trace their lineage back to the Great War and the famed 29th Division (Res). All soldiers and officers in the Orso are combat veterans, many of them decorated. A large number of the banner have served together for years so the unit is extremely well trained and cohesive, perhaps more so than any banner in the 1010 created divisions. The Orso is the central unit of the division, spearheading the attack or manning the center of the line. Soldiers ranked Deca and above have a 33% chance (+33% per rank above Deca) of having one or more magical items and/or magical weapons.

4th Banner (Tigre): 300 Privates and 30 Deca heavy foot (F3) armed with (2) throwing spears, swords, shield, wearing chain mail; 10 Sergeants (F5), 2 Lieutenants (F7), 1 Captain (F9)

The Tigre while not bereft of veterans of the Great War has far more new recruits than the Orso as well as more ethnic diversity within its ranks. In combat it acts as a 2nd echelon unit in support of the Orso on the attack or in the defense. Soldiers ranked Deca and above have a 15% chance (+20% per rank above Deca) of having one or more magical items and/or magical weapons.

RESERVE FORCES

*reposted on the Piazza without permission a from a classified written by Colonel Wilhelm Kilnk, aide to the Chief of the Abwehr; Grand General Tomor Olziyt *

With the steady increase in the population of Glantri today, now five years after the Great War and Plague ended, the drain on the manpower and finances of Glantri as it affects the Grand Army of Glantri are decreasing with each year. The estimated population this year (1014) is just over 700,000. The

Grand Army of Glantri stands at just over 14,000 line soldiers and officers in 16 divisions. That represents a percentage of just over 2% of the total population which is much more in lines with the percentage of the other nations in the region and a vast improvement in our defensive capabilities in fielding a trained army over the size of the regular Grand Army prior to the declaration of war upon Glantri by Alphatia in which Glantri fielded only 8 divisions that represented less than 1% of its population.

In a recent series of wargames conducted by the GAHC in AC 1013, a simulated invasion of Glantri by a humanoid horde of some 75,000 attacking without warning out of the western wasteland, still shows however that while the 16 divisions are very powerful and quite capable they alone would not be enough to defeat a full scale invasion of Glantri.

At the height of the Great War Glantri had 100 divisions mobilized and was the extent at the time of its war and plague ravaged capacities to man, equip and supply. Those divisions, numbering some 88,000 officers and men represented nearly 14% of the total population of Glantri. With the increases in population and improved internal logistics the GAHC estimates it can equip and feed up to 125 divisions for up to 6 months without extensive damage to the economy of Glantri. Those 125 divisions would total some 110,000 officers and soldiers and represent nearly 16% of the population of Glantri. The threat levels to Glantri due to invasion are classified as follows and can be used as a guide by the GAHC for wartime expansions to the standing Grand Army of Glantri:

1. A small scale raid (100-5000 warriors).
2. A large scale raid (5000-10000 warriors)
3. An attack in force (10,000-25,000 warriors)
4. A major invasion (25,000-50,000 warriors)
5. A catastrophic Invasion (50,000+ warriors)

In case 1 the local Division Commander, with their two divisions, should prove to be enough to handle small raids of any sort.

Case 2 would trigger the activation of the Corp command structure and the nearest Corp command to the area under attack would defend the region and would seek to engage and destroy the opposing force.

Case 3 would trigger the activation of an Army command structure and also include limited mobilization of reserve divisions to guard unaffected regions as the regular divisions are detached to help defend the region under attack. Most simulation believe a force of some 10-12 divisions in 3 Corp under the Army commands direction would be sufficient to defeat any attack in force. A call up of 8 reserve divisions would allow most our more experienced and combat capable divisions to be deployed to the region under attack yet not seriously jeopardize the defenses of the other regions.

Case 4 would trigger the activations of one Army Group, and several Army command structures. All 16 regular divisions would be relieved by the ready-reserve divisions and local militia and be spread between the new Armies and supplemented by other reserve divisions. GHAC estimates that a

mobilization of approximately 30 divisions would prove sufficient to deal with the invasion and could be sustained economically for years without causing harm to the Glantrian economy as the percentage of the army divisions against the total population would only be around 6%. Financially the divisions could be supported for up to a year using Treasury savings and selective cuts in the budgets for other programs before increased or new taxes would be required. The requirements needed to combat a Case 4 situation forms the basis for the GAHC's ready reserve division policy which dictates that a force of some 36 ready-reserve divisions be able to organized from local militias, staffed with retired officers, supplied and armed and ready to march within a week of receiving orders from the GAHC. (See chart)

Erewan: population - 22,000 **1 Division** (the 44th Reserve Division) *though the population could field several more ready-reserve divisions due to the necessities of a decade of war with the humanoids that only ended a few years ago, they would only be called up in a direct threat to defend Erewan itself.*

A catastrophic Case 5 situation would trigger the activation of multiple Army Group command structures along with many Army command structures. In addition to the regular and ready-reserve divisions which could be in the field within a week, a national emergency could be declared which would institute mandatory draft and levies to bring the Grand Army of Glantri up to its full strength. As noted above the maximum the economy of Glantri can support without immediate severe destabilization is a mobilization of 16% of Glantri's population which translates to fielding an army of 125 divisions. The actual extent of the mobilization would vary per the specific nature of the threat as determined by the

GAHC. However unlike the ready -reserve divisions, such divisions would not be effectively combat capable until fully assembled, armed and equipped and at least given the basic rudiments of training. Based on the experiences of the emergency mobilization after the surrender of Thyatis in 1009 we believe the following to be an accurate time table for the emergency utilization of such divisions.

Processing draftees and volunteers and assigning to units: 2 weeks.

Basic Training: 2 weeks - Spent culling out those unable to serve in combat through a vigorous physical and mental training program.

Basic military training 2 week - Spent giving the rudiments of military tactics (kill before being killed) and combat (stick them with the pointy end)

Within 6 weeks the newly mobilized divisions would be available to the GAHC for assignment. In an extreme Case 5 situation they would be able to be sent directly into combat. If the situation allows for the divisions to be held back they could continue unit training to build upon their BFR and BR ratings and become more combat capable. Each week over and above the 2 weeks would improve the efficiency and effectiveness of the unit. The following is what a newly mobilized division with two weeks of training would look like in War Machine standards.

Type of Unit: Draft Infantry Division (53th - 125th Divisions)

Commander: (O-4 Colonel) F11 (+2 mod bonus), Executive Officer: (OF-3 Major) F10

New Kolland???

However there is another force in Glantri which is not formally a part of the Grand Army of Glantri, thus not accounted for in the TO&E nor in the strategic plans of the GAHC. However I recommend to my fellow members of the GAHC not to overlook this force, the humanoids of Kol. The last few years have been a time of major upheaval and radical change in the Broken Lands. Where there once were 10 humanoid tribes (see chart) united by the Orc King Thar spanning all of the Broken Lands, today there are only 3 occupying only the western half of the Broken Lands which was annexed by Glantri and became the Principality of New Kolland rule by the Kobold Kol, and the largely humanoid Borderlands Free Province which technically not a part of Kol's Principality are still very much 'ruled' by him.

Left the Broken Lands

Hobgoblins - Most go to Orclands with their leader Hutai-Khan after the fighting for Oenkmar, abandoning their lands to the victorious Shadowelves. Some decide to 'settle' and go west to New Kolland.

Ogres - Alebane remains a strong and respected leader among the Ogres even in defeat at Oenkmar in 1012. No appreciable numbers remain with Kol and nearly all remaining Ogres in the Broken Lands follow him to the Orclands in 1013.

Common Orcs - Like Alebane, Thar even in double defeat (Glantri/Kol) remained extremely popular among his Orcs. Most of the Common Orcs followed Thar east to invade Rockhome in 1011 and most died there. The few that survived then followed Thar into Vestland, ultimately leaving Orcus Rex and Udhgar open which many Kobolds including Kol moved into.

Yellow Orcs - No appreciable numbers are in the Western Broken lands. All the Yellow Orcs followed their leader Moghul-Khan and moved east, with Thar and Alebane, to invade Rockhome in 1011. The survivors of that failed invasion settled in the nearby Orclands and never returned to the Broken Lands.

Trolls - The Trolls of the Broken Lands scattered after the death of Haa'k Hordar in 1013 leaving the swampy area of the Broken Lands known as Trollhatten unoccupied. Most went to C'Kag in the Orclands, other become 'wandering monsters'. No appreciable organized numbers of Trolls remain in Western Broken Lands today.

Red Orcs and Gnolls - Both were chased out of their long inhabited regions of the Broken Lands, Red Orcland and South Gnollistan, by the fighting between the Dwarves and Shadowelves. Both killed humanoids on sight as a matter of course in their conflict. Both groups moved to safety to the west into the now abandoned Orgemoor region of the Broken Lands. Just this year (1014) the vast majority of the Red Orcs, along with nearly all the Gnolls left the Broken Lands on the search for the Blue Knife.

Still Remaining in Broken Lands

Kobolds - now occupying the western part of the former Orcus Rex and its fortress Udhgar

Bugbears - remained in their lands, former Bugburbia, forced west by the fighting for Oenkmar, now a part of New Kolland occupying the eastern part of the former Orcus Rex.

Goblins - remained in their lands, High Goblity, until 1012 then forced west by the War for Oenkmar, now residing in the former Ogremoor. Though not technically a part of New Kolland, the Goblin King Doth submitted to Prince Kol and are considered subject to Kol, and like the Kobolds and Bugbears technically citizens of Glantri today.

After some reorganization of his command and unit structures it is thought that Kol has the following force available to him and, even though not directly under the command of the GAHC, could be available to Glantri in the case of a Class 5 catastrophic invasion.

Kol's Legion:

Headquarters - Fort Udhgar

Peacetime Deployment - Training in Thyatian tactics, and patrolling New Kolland and Borderlands Free Province. Watching for Shadowelf incursions from the east.

War deployment - TBD.....

Legion Commander - Legatus legionis Ludwig Von Hendricks (F16)

Assistant commander - Tribunus militum Zar (KO21)

Executive officer - Praefectus castrorum Itcar (KO12)

Head Mage -Xoteczuma (HO15/WI9)

A breakdown of Kol's Legion -

Kol's Legion

Kol's Legion is a standing military force the Prince of New Kolland, Prince Kol, keeps for protecting his Principality, and his grip on leadership over the few remaining humanoid in the Western Broken Lands. The legion is also responsible for watching the Vesubian River for possible Shadowelf or Dwarf incursions into the last remaining humanoid held part of the Broken Lands. The Legion is not officially a part of the Grand Army of Glantri or subject to orders by the Glantrian Army High Command. In effect it is a private force answered only to Prince Kol. However the force is largely subsidized by the Council of Princes, in part so Kol can use them to maintain control over the humanoids and keep them from raiding Glantri. What should come as no surprise, considering how well Kol's Kobolds performed in battle during the battles of 1007-1009, is Kol' Legion is a very well trained and effective combat force.
