# Estat di Marileneb

# MARILENEV ESTATE

AREA: 940 SQUARE MILES  
 POPULATION (AC 1000): 10,000 (8,500 IN FARM, 900 VILLAGE & OTHERS)

ONE OF THE EARLIEST ESTATES ESTABLISHED IN TRALADARA, IT OCCUPIES SOME OF THE BETTER AGRICULTURAL LANDS. MARILENEV IS SELF-SUFFICIENT IN THE PRODUCTION OF GRAINS, VEGETABLES, FODDERS, MEATS, FOWL, FISH, SALT, WINE, HONEY & WAX, TIMBER & WOOD, AND EVEN A RANGE OF CHEESES. ALTHOUGH IT HAS ALLWAYS BEEN THE POWER IN THE REGION, THERE HAS BEEN A DISTINCT SHIFT SINCE THE ARRIVAL OF DUKE STEPHAN KARAMEIKOS SOME THIRTY YEARS PREVIOUS WHICH CULMINATED IN THE DESTRUCTION OF HER FAMILY. IT IS FROM THIS THAT THE LADY MARILENEV HAS OVERSEEN THE RISE OF THE ESTATE AS AN ECONOMIC POWER. AS OF 1000AC MARILENEV ESTATE ALONE PRODUCED MORE THAN THE REST OF THE DUCHY OF KARAMEIKOS. COMPARED TO THE REST OF KARAMEIKOS EVEN THE PEASANT FARMERS OF MARILENEV ARE WELL OFF, WITH REASONABLE STABILITY. NO LONGER DO ARMIES OF KNIGHTS RIDE THROUGH FARMS, TORCHING VITAL CROPS, SEIZE GRAIN HARVESTS, OR MARCH THEIR CHILDREN OFF TO DIE IN CASTLE SIEGES. NOW THE SMALL LANES THAT CRISSCROSS THE ESTATE AND DIVIDE FARMLAND ARE BEING PAVED IN STONE AND EVEN BEING REPAIRED AND MAINTAINED, AS THOUSANDS OF WAGONS CONTINUOUSLY MOVE VITAL PRODUCE TO MARKET.

## MARILENEV CASTLE AND VILLAGE

POPULATION (900)

MARILENEV VILLAGE IS NOT A MUDDY LITTLE CUL-DE-SAC OF WOOD, MUD, AND STRAW HUTS AND DISEASED SERFS IN THE SHADOW OF A STONE FORTRESS. EVERY ALLEY AND LANE PAVED, AND EVERY BUILDING IS STONE. THIS IS A STOREHOUSE FOR THE CONTINUOUS HANDLING OF THE VAST VOLUMES OF PRODUCE CREATED BY THE ESTATE. WHETHER IT IS THE BREWING OF ALE FROM THE LADY MARILENEV' S STOCK OF GRAIN, THE MANUFACTURE OF SMOKED MUTTON AND BEEF SAUSAGES, OR THE MAINTENANCE OF A THOUSAND WAGONS AND CARTS AND THE STABLING OF DRAFT ANIMALS THAT MOVE PRODUCE FROM FARMS TO MARKETS.

## THE LADY MARILENEV

THE KARAMEIKANS CONSIDER HER A BITTER OLD CRONE IN A CRUMBLING GOTHIC MONSTROSITY OF A CASTLE WITH LITTLE POWER AND NO FRIENDS YET IT IS THIRTY YEARS SINCE HER FAMILY LED AN ARMY TO THROW DOWN THE USURPER DUKE KARAMEIKOS ONLY TO BE BETRAYED AND CRUSHED YET SHE STILL HOLDS THE TITLE TO THE ESTATE AND IT IS WEALTHIER NOW THAN IT HAS EVER BEEN.

## TOTAL ANNUAL PRODUCTION YIELDS

| PRODUCE            | MARILENEV      | SALT TAX      | CHURCH TITHE  |
|--------------------|----------------|---------------|---------------|

## AGRICULTURAL PRODUCE IN THE MARILENEV ESTATE

### THE LOGGING CAMPS

WITH 358,400 ACRES OF LIGHT FOREST, THERE IS A MANAGED HARVEST PLAN TO ENSURE A PERMANENT SUPPLY OF FIREWOOD AND TIMBER FOR THE ESTATE.

THERE ARE 200 FAMILIES EMPLOYED ACROSS THIS REGION, EACH FAMILY HARVESTING 17 ACRES OF WOOD PER YEAR.

17 ACRES x 20,000LB = 340,000LB

340,000LB x 20 FAMILIES x 10 HEXES = 71,680,000LB

### THE FISHING COMMUNITIES

OCCUPYING SOME 40 MILES OF COASTLINE ARE 100 FAMILIES EMPLOYED IN FISHING AND SALT PRODUCTION. 8 MONTHS A YEAR, SIX DAYS A WEEK THEY FISH FROM THEIR SMALL FISHING BOATS.

SALT PRODUCTION FOR FISH PRESERVATION PROVIDES FOR THE MANUFACTURE OF 4,800 FIRKIN OF PRESERVED FISH ONLY

LEAVING 96 FIRKIN OF SALT. THIS IS REPRESENTATIVE OF

12 CRAN OF FISH PER YEAR PER FISHING FAMILY

(1 CRAN = 37.5 GALLONS OF FISH OR 750 FISH).

FIRKIN OF PRESERVED FISH REQUIRES  $\frac{1}{4}$  CRAN FISH & 50LB SALT.

12 CRAN x 4 FIRKIN x 100 FAMILIES = 4,800 FIRKIN OF PRESERVED FISH.

36 GALLONS OF SEAWATER x 6 DAYS x 4 WEEKS = 216LB SALT

8 MONTHS x 216LB x 100 FAMILIES = 1,296 FIRKIN OF SALT

4,896 FIRKIN REQUIRED.

### THE VINEYARDS

THE VINEYARDS ALONG THIS PART OF THE RIVER ARE THE WORK OF THIRTY YEARS, AND THE FAMILIES WHO OWN THESE VINEYARDS HAVE REAPED CONSIDERABLE WEALTH FROM THE DISTINCT CHANGE IN ESTATE POLICY THAT THEY REPRESENT: A CHANGE FROM

WARFARE TO COMMERCE AND PRODUCTION. 400 VINEYARDS x 70 ACRES @ 63% YIELD

+20% (BEES)

2 x 200 FAMILIES x 71 ACRES = 28,000 ACRES

28,000 ACRES x 2.5 TON x 0.83 = 58,100 TON

58,100 TON x 2,240LB

= 130,144,000LB GRAPES PRODUCED ANNUALLY.

130,144,000LB/90LB=1,446,044 (x 5 GALLONS)

WINE PRODUCED IS 7,230,222 GALLONS PER YEAR.

(7,230,222 GALLONS / 9 GALLONS)

= 803,358 FIRKIN OF WINE PER YEAR.

### HONEY & WAX

400 VINEYARDS x 7 SKEP HIVES

400 x 7 = 2,800 HIVES

28,000 LB HONEY

2,800 LB WAX

1.4129 x 10 LB= 1 GALLON OF HONEY

28,000LB / 14.129= 1981.7 GALLON OF HONEY

1981.7 GALLONS/9 GALLONS=220 FIRKIN OF HONEY

803,577 FIRKIN REQUIRED.

### THE DAIRY DISTRICT

GRAZING ON SOME 14,000 ACRES ARE 200 DAIRY FARMS

200x70= 14,000 ACRES

1&1/2 ACRES PER COW.

14,000/1.5=9,333 COWS x 0.63=5,879 COWS

29 COWS PER FAMILY

MILKING SEASON 8 MONTHS PER YEAR

29 x 140 GALLONS = 4,060 GALLONS

10.31 x 4,060=41,858LB MILK

41,858 x (5/43.25)= 4,839LB CHEESE

4,839LB x 200 FARMS= 967,800LB CHEESE/YEAR

### THE CATTLE HERDS

TENDED BY 200 FAMILIES OVER 35,640 ACRES OF REASONABLY GOOD GRAZING LAND,

EACH FAMILY RUNS A HERD OF 74 CATTLE

200 FAMILIES, 178 ACRES, 74 CATTLE

35,640 / 1.5 x 0.63= 14,968 HEAD

EVERY YEAR EACH FAMILY SENDS 20 HEAD TO THE SALE YARDS.

20 x 200= 4,000 HEAD

### THE WEST COUNTRY

THESE ARE PERHAPS THE OLDEST AND EARLIEST PARTS OF THE ESTATE OF MARILENEV.

CONSISTING OF 168 SQUARE MILES OF AGRICULTURAL LAND, IT INCLUDES IN ITS HEAVILY POPULATED REGION THE CAPITAL CITY (THE ONCE GUILD TOWN) SPECULARUM AND THE

VILLAGE AND CASTLE MARILENEV. OF THE 105,600 ACRES ONLY 42,600 ACRES IS HELD

BY FARMING FAMILIES. THIS LEAVES OVER 98 SQUARE MILES OF COUNTRYSIDE.

MARILENEV VILLAGE IS A VERITABLE STOREHOUSE OF GOODS.

WITH SIX HUNDRED FAMILIES FARMING IN THE WEST

71 ACRE FARMS: 3 FIELDS OF 23 ACRES @63% EFFICIENCY

23 ACRES OF BARLEY x 57 BUSHES x 63%=825 BUSHELS BARLEY.

825 x 50LB= 41,250LB GRAIN

825 x 213LB CHAFF= 175,725LB CHAFF

23 ACRES OF TURNIP x 25 TON x 63%=362.25 TON

9 SHEEP OVERGRAZING 23 ACRES WITH THIRTY TON OF CHAFF AS FODDER SUPPORT.

9 SHEEP x 2.5LB WOOL= 22.5LB WOOL

& DAIRY 180 DAYS @  $\frac{1}{4}$  GALLON

8 EWES x 45 GALLONS=360 GALLONS

360 x 10.31 x (5/ 43.25) = 429LB CHEESE

808,473 FIRKIN ARE MANUFACTURED ACROSS THE ESTATE EACH YEAR USING

7,276,257LB WOOD.
